

COVERSOL®

EXPANDING FOAM ANTI RODENT INTRUSION (PROOFING)

Rodents are often the source of nuisance and cost intensive damages (cut through cables and fibre optic lines, damaged electrical components, ...).

The expanding organo mineral foam **COVERSOL®** consists out of a bicomponent silicate type material. Injected into tubes, drains and pipes (with or without cables) it creates a physical barrier that prevents rodents from entering.

COVERSOL® is already used by SNCF, RTE, VNF, ORANGE and other public and private institutions.

Application videos please see our internet site.

ADVANTAGES

COVERSOL® is an anti rodent intrusion foam (proofing):

- Proven: thousands of cable entrances in signal and electricity installations in Europe are protected
- Efficient: creates a physical barrier, that – due to the mineral alkaline silicates – does not attract the rodents
- Unique: the at the beginning liquid product closes all cables entrances, the foam then expands and by this closes all remaining gaps and openings
- Resistant: the foam is rot-proof, water resistant and pressure resistant
- Rapid: the foam expands and dries very fast
- Non-flammable: Resistance class fire M1
- Compatible with electrical cables
- Long life

APPLICATION

- Enclose the area to be protected and fill in COVERSOL® by using the cartridge dispenser.
- Limit the expansion of the sealant so that it stays compact.

TECHNICAL DATA

TECHNICAL DATA COVERSOL®

PACKAGING: TWIN CARTRIDGES 2 X 750 ML

1. COMPONENT DATA	RESINS	CATALYST
Material density at 20°C (g/cm³)	1,4	1,2
Mixing ratio	1	
Shelf life at 20°C	12 months	
Storage temperature (°C)	5° - 25°	
Storage temperature 48 h before use	15° < T° < 25°	
2. REACTION DATA		
Expansion time	1 Min	
Expansion ratio	5 - 15	

TECHNICAL DATA OF BATTERY POWERED CARTRIDGE DISPENSER

- Electric cartridge dispenser delivered with lithium 18V/2.0 Ah battery and charger 240V
- Integrated LED light
- Battery with charge indicator, fully charged sufficient for injection of 20 to 40 cartridges
- Delivered with bag and accessories

DEPENDING ON THE SITE TO BE PROTECTED WE RECOMMEND ALSO OUR OTHER ANTI RODENT INTRUSION PRODUCTS:

BROSSOL®-ROD

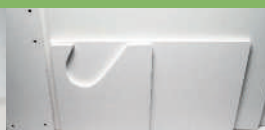

WAROSOL®T

MASTISOL®

BROSSOL®N

PANOSOL®

SOLTEC®
