

BERNACLEAN® M+

Special HP degreasing bio-cleaner

BERNACLEAN® M+ is a liquid degreasing agent, designed to remove dirt from metallic and other surfaces. It is specially formulated for use with high pressure cleaners with a tank for cleaning agent.

BERNACLEAN® M+ contains powerful natural surfactants that guarantee fast, perfect cleaning. It dissolves grease, oil and other contaminants thanks to a biological decomposition process.

ADVANTAGES

- **No hazard symbols** : harmless to people and the environment
- **Dermatologically neutral**: does not cause allergies or skin burns
- **Ecological**: 100% biodegradable
- **Inert**: does not damage surfaces cleaned
